

Debra Mitchell

Twisted Silver llc Founder and Designer

Debra Mitchell creates ultra-modern jewelry with an unexpected twist, blending a vintage vibe with natural metals into designs that set new standards in fashion jewelry. Embracing so-called imperfections, her designs are inspired by the offbeat - asymmetry, forward-facing tags and clasps, raw and salvaged materials - to create unmistakably distinctive statements. Natural beauty with hints of the human touch in every piece. Twisted Silver is perfectly imperfect.

Beginning with a degree in Fashion Merchandising and a career as a department store Fashion Coordinator, Debra was surprised and amused to find that her path led to jewelry, by way of designing wind chimes from silverware. "When people would comment their desire to "wear the wind chimes" I turned a spoon into a necklace and Twisted Silver (...ware) was born. I was thrilled to be back in the fashion world, my jewelry seemed to connect with people and design ideas just seemed to flow!"

Mitchell's strong sense of design and individuality have Twisted Silver perfectly situated as a celebrity and fashion press favorite. National fashion magazines, style television programs, top rated fashion blogs, Hollywood stylists and A-list celebs are all singing the praises of this indie-line. "I design pieces that I love to wear and that it resonates with others is really very rewarding"
